

Rader Farms – WinCo Foods Frozen Red Raspberry Recall

Rader Farms of Bellingham, WA has initiated a voluntary product recall for WinCo Foods brand Frozen Red Raspberries, UPC 70552-30501, with expiration date Feb/13/21 and lot code 4045902. The recall has been initiated due to detection of Norovirus, which can cause symptoms such as diarrhea, vomiting, nausea, and stomach pain. There have been no reports of illness to date, and all product has been removed from shelves.

This product was sold through all WinCo Foods stores and may currently be in consumers' freezers at home. Consumers are advised to check their freezers for product with this identifying information, and encouraged to return any affected product to their nearest WinCo Foods store for a full refund and/or replacement of the product.
